

Key Sustainability Solutions Pvt. Ltd.

CDX System Training Proposal

About us:

Key Sustainability Solutions Pvt Ltd is located in Bengaluru and is happy to offer its expertise in Environmental Regulatory Compliance. Our Experts are having through knowledge on Regulations such as IMDS (International Material Data System), CMRT (Conflict Mineral Reporting Template) REACH, (Registration Evaluation Authorisation of Chemical substances), RoHS (Restrictions of Hazardous Substances), SCIP-Database, Prop 65, IPC1752A etc.,

We have 17 years cumulative experience in compliance industries. We pride ourselves on setting up our clients for success in Compliance regulations and are sure that you will leave our sessions more prepared than you have ever been before to all regulations.

We are DXC Technology authorised IMDS & CDX system training & Consulting partner for Australia, Canada, India, Indonesia, Thailand (in Thai) & Vietnam.

CDX (Compliance Data Exchange):

Compliance: CDX enables global legal regulations such as.

- **REACH** (incl. Annex XIV and XVII, REACH SVHC, REACH O5A)
- **RoHS** (with full support of exceptions)
- California Proposition 65
- IPC1752A Class C and D
- IEC62474
- Batteries
- Packaging
- ELV / GADSL
- HKC
- Conflict Minerals.

Data: System help you efficiently gather, store, and report detailed product content information for use in compliance and material reporting.

Exchange: System addresses the data throughout the entire supply chain, not just immediate suppliers, and customers. With CDX, information is aggregated through all levels of the supply chain in a comprehensive manner while protecting intellectual property.
