

Key Sustainability Solutions Pvt. Ltd.

Compliance Training Proposal

About us:

Key Sustainability Solutions Pvt Ltd is located in Bengaluru and is happy to offer its expertise in Environmental Regulatory Compliance. Our Experts are having through knowledge on Regulations such as IMDS (International Material Data System), CMRT (Conflict Mineral Reporting Template) REACH, (Registration Evaluation Authorisation of Chemical substances), RoHS (Restrictions of Hazardous Substances), SCIP-Database, Prop 65, IPC1752A etc.,

We have 17 years cumulative experience in compliance industries. We pride ourselves on setting up our clients for success in Compliance regulations and are sure that you will leave our sessions more prepared than you have ever been before to all regulations.

We are DXC Technology authorised IMDS & CDX system training & Consulting partner for Australia, Canada, India, Indonesia, Thailand (in Thai) & Vietnam.

Regulatory Compliance:

IMDS: International Material Data System: is the automobile industry's material data system. all materials used for automobile manufacturing are collected, maintained, analyzed and archived. Using the IMDS, it is possible to meet the obligations placed on automobile manufacturers.

REACH is the Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorization and Restriction of Chemicals; however, it is important for companies outside the EU to understand this regulation and how it can impact their business.

Conflict Mineral: Identifying 3TGs from DRC region and providing the CMRT template to customers.
